

## S01 Text to Audio

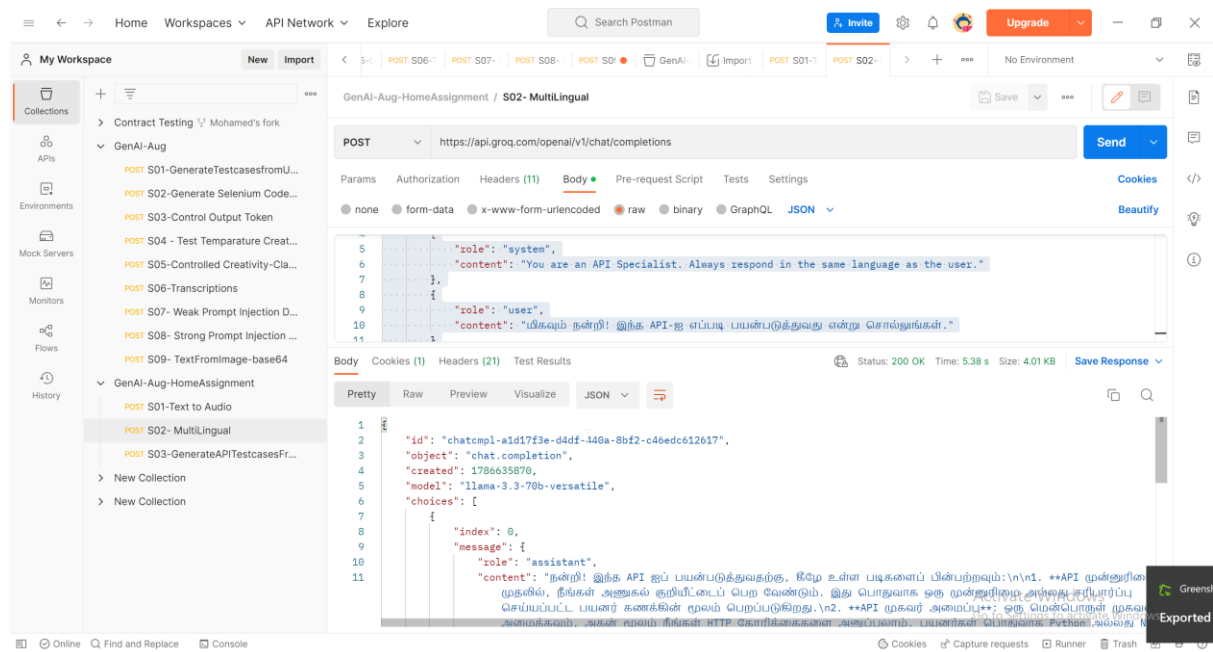

```
{
  "error": {
    "message": "The model `canopylabs/orpheus-v1-english` requires terms acceptance. Please have the org admin accept the terms at https://console.groq.com/playground?model=canopylabs%2Forpheus-v1-english",
    "type": "invalid_request_error",
    "code": "model_terms_required"
  }
}
```

First Run got the above error after accepting the terms and conditions re-ran the API script it works and could hear the text to speech audio

## S02 MultiLingual

The user asks in **Tamil**, and system instruction says: Always respond in the same language as the user.

The screenshot shows the Postman interface with a REST client request. The URL is `https://api.groq.com/openai/v1/chat/completions`. The request body is a JSON object:

```
{
  "role": "user",
  "content": "I'm INSTRUCTION\nGenerate Rest Assured Java code for Swagger Petstore APIs.\nMANDATORY RULES:\n1) Generate ONLY Java Rest Assured code.\n2) Do NOT include explanations, markdown, or extra text.\n3) Use TestNG as the test runner.\n4) Use meaningful class, method, and variable names.\n5) Include imports required for Rest Assured, TestNG."
}
```

The response is a JSON object:

```
{
  "id": "chatcmpl-921d046e-bd08-45b4-8e9d-b7ca437c10ba",
  "object": "chat.completion",
  "created": 1786636293,
  "model": "openai/gpt-oss-120b",
  "choices": [
    {
      "index": 0,
      "message": {
